# DOMINION ORDERS IN COUNCIL.

[1464.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 17th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 4th day of June, 1918, from the Acting Minister of the Interior, stating that application has been made to the Department of the Interior by William Henry Hammond, owner of the Basque Rancho, comprising an area of about 2,057.5 acres, situated in the Railway Belt near Ashcroft, in the Province of British Columbia, to purchase under irrigation conditions 873.7 acres of Dominion lands lying adjacent to his holdings, all of which it is proposed to bring under an irrigation system.

The lands applied for have been inspected by officers of the Department and reported to be useless for cultivation without irrigation, and that the irrigation of the same is feasible providing water can be secured for the purpose. The lands are vacant and available.

The Minister, therefore, recommends that the lands enumerated in the schedule submitted be sold to William Henry Hammond on the following conditions:—

(a.) The lands sold to be brought under cultivation by irrigation.

(b.) The purchase price to be at the rate of five dollars (\$5.00) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars (\$2.00) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale, the said purchase price to be paid as follows: One dollar (\$1.00) per acre within one year from the date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 5 per cent. per annum.

(c.) The necessary water rights to be secured from the Provincial Government of British Columbia; no work to be done on the land until preliminary water rights are secured from the Province.

(d.) The work to be commenced within one year from the date of the authorization by order in council of the sale, and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the provincial authorities in connection with the water rights, in which case the provincial dates may be accepted if approved by the Minister of the Interior.

(e.) Examination to be made by engineers of the Department of the Interior on completion of the work.

(f.) Patent to issue, when conditions completed, for these parcels, the irrigable portions of which have been brought under cultivation by irrigation.

(g.) The sale to be cancellable for non-payment of the purchase price or for failure to comply with any of the terms or conditions of sale.

(h.) Prior to patent no transfer or assignment of the lands, or any rights therein, to be made without the consent of the Minister of the Interior.

The committee concur in the foregoing recommendation, and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 3rd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-  
GENERAL IN COUNCIL.

HIS Excellency the Governor-General in Council, on the recommendation of the Minister of the Interior, is pleased to order and it is hereby ordered that section 27 of the regulations governing the granting of yearly licences and permits to cut timber on Dominion lands, established by order in council of the 1st July, 1898, and subsequent orders in council, be rescinded and the following substituted therefor:—

27. Licensees are required to keep a bush count of all saw-logs and other timber cut upon a berth, as well as the number of pieces hauled therefrom, in the form of a book to be furnished for the purpose by the Crown Timber Agent. The books covering operations for twelve months ending the 30th April in each year are to be returned to the said agent duly completed by the foreman in charge of operations, who shall subscribe to the affidavit therein.

(a.) All saw logs and other timber cut upon a licensed or permit berth, or upon unpatented homestead lands within the Railway Belt of the Province of British Columbia, whether merchantable or cull, must be clearly marked with a distinguishing number on scaling end with crayon, chalk or pencil, at the time of scaling.

Numbering will be necessary even when the logs will be sawn immediately or before being placed in the water. The scale of each log and length will be entered opposite its number in consecutive order in a scale book, cull logs being identified by the addition of the letter "C."

Where operations are carried on to such an extent as to require the use of more than one scale

book, the books are to be numbered serially with letters of the alphabet in the order in which they are used. These books are to be carefully preserved by the licensee for inspection by the Crown Timber Agent or other officer of the Crown.

No person is authorized to scale timber cut upon Dominion lands other than those authorized in writing by the Minister or his appointed agent.

(b.) The requirements in the next preceding subclause will not apply to timber cut on Dominion lands within the Railway Belt lying south of a line drawn east and west from the town of Yale.

All timber cut within said tract, which is subject to Crown dues, shall be scaled by a Dominion Timber Scaler holding a scaler's licence from the British Columbia Government, and in accordance with the British Columbia log rule.

(c.) The following fees, to which shall be added reasonable expenses, shall be paid for the scaler's services by the licensee or permittee conducting operations:—

For scaling saw-logs and spars, 5 cents per thousand feet board measure; for measuring piles and poles, 5 cents for each 200 lineal feet; for measuring railway-ties, pulpwood, shingle-bolts, or cordwood, 5 cents for each cord of 128 cubic feet.

When the fees and reasonable expenses are not paid promptly on completion of the work, the amount due shall be made a lien upon the timber with respect to which the work was done, or upon the berth from which the timber was taken.

In the event of a licensee or permittee disputing the Inspector's scale, on application to the Crown Timber Agent for the district, a rescale of the timber will be made by another Dominion Scaler, and in such case the person requiring his services must pay such additional expense or cost as may be occasioned thereby.

Provided that if the original scale made be proved inaccurate to an extent of five per cent. on the total scale, a second charge for the work shall not be made.

(d.) The scaling officer shall deliver a copy of any scale made by him to the owner of the timber scaled, upon demand and upon payment of his fees and expenses.

(e.) The Crown Timber Agent, or other duly authorized officer of the Department, shall act as arbiter in any dispute that may arise between a licensee or permittee and the official scaler, as to the measurements of any timber, and his award shall be binding upon all parties without appeal.

(f.) All diameters of logs shall be measured inside of the bark at the top end of the log.

(g.) No timber or sawn logs shall be manufactured or sawn until the same have been scaled in accordance with the requirements of these regulations, and any person violating this provision shall be liable to have such timber or product of manufacture therefrom seized and forfeited, wholly or in part, to the Crown, or pay dues thereon at the rate of five dollars per thousand feet board measure, according as the Minister may direct.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 22nd day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

HIS Excellency the Governor-General in Council, on the recommendation of the Acting Minister of the Interior, is pleased to order and it is hereby ordered that the regulations for the survey, administration, disposal, and management of Dominion lands within the Forty-five Railway Belt, in the Province of British Columbia, established by Order in Council of 17th September, 1889, shall be and the same are hereby amended by rescinding section 9 thereof and substituting the following therefor:—

9. (1.) The word "highway" as used in this section shall mean all public wagon-roads, streets, roads, trails, lanes, bridges, and trestles, but shall

not include canals, towing-paths or other like public ways.

(2.) The authorities of the Province of British Columbia shall, during the pleasure of the Governor in Council and subject to the provisions of these regulations, be authorized and empowered to make and establish such public highways through or over Dominion lands in the railway belt, exclusive of areas set apart as Dominion forest reserves and parks, but including lands held under homestead entry, contract of sale, lease, licence, or any other form of occupancy, and also including foreshores and lands covered with water, as if the "British Columbia Highway Act," chap. 99, of the Revised Statutes of British Columbia, 1911, as amended by chap. 29 of the Statutes of 1913, were applicable to the said Dominion lands.

(3.) Notwithstanding the powers conferred upon the Provincial authorities by the preceding subsection, the Governor in Council may authorize the location and construction by any person of such public highways as he may deem expedient through any land subject to these regulations, and for that purpose may take or authorize to be taken without any notice and without any consent on the part of the person owning or occupying such land or having any claim, estate, right, title, or interest therein, any requisite area of land, and any existing roads whether the area so taken be or be not in excess of the Provincial allowance for roads, in any section, quarter section, or legal subdivision, and may also enter upon or authorize entry upon any such lands and the taking therefrom of any gravel, stone, timber, or other material required for the construction of such highway or for the purpose of cutting and maintaining any drains that may be considered necessary.

(4.) Whenever any highway is made and declared and has been put into actual use by the public, or whenever the Governor in Council has established a highway as provided in the last preceding subsection such public highway shall become the property of the Province, the legal title thereto remaining in the Crown for the public use of the Province subject to reversion in the case of closing or abandonment as hereinafter specified, provided that the ownership of any minerals under such roads shall not be affected by the making or establishing of any such highway.

(5.) No road so established by the Governor in Council shall be closed up or its direction varied, or any part of the land occupied by it sold or otherwise alienated without the consent of the Governor in Council.

(6.) Whenever any road constructed by the Provincial authorities over any of the lands subject to these regulations is later closed by the same authorities or by reason of abandonment or otherwise ceases to be a public highway, or whenever any road established by the Governor in Council is closed in the manner specified herein, then, in either such case, the part of such highway, if any, which was comprised of Dominion lands when constructed and which at the time of such closing or ceasing to be used as a public highway, is still situated across or adjacent to Dominion lands, shall revert to and become the property of the Crown in the right of Canada and may be dealt with by the Minister subject to these regulations.

(7.) Until necessary highways providing means of egress and ingress to the lands of settlers and landholders shall have been located and constructed, a convenient right-of-way not exceeding sixty-six feet in width over any Dominion lands disposed of is hereby reserved for the use and convenience of settlers and land-holders in passing from time to time to and from their locations or lands, to and from any now existing public highways, providing always that such settler or landholder making use of the aforesaid privilege shall not damage the fences or crops of the occupier located on the land over which such right-of-way is reserved.

(8.) Notwithstanding any other provisions of these regulations, in case the Provincial authorities and the Governor in Council should both establish highways across the land of any owner or occupier, no greater area shall be taken without

compensation from such owner or occupier for the purpose of the said highways than is permitted to be taken by the Provincial authorities under the said "British Columbia Highway Act."

(9.) Every homestead entry, contract of sale, lease, licence, or any other form of company, patent, or other grant hereafter issued of any Dominion lands within the Railway Belt shall be subject to a reservation providing for the taking of an area for road purposes and compensation for the same as provided herein.

AT THE GOVERNMENT HOUSE AT  
OTTAWA.

Thursday, the 6th day of June, 1918.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-  
GENERAL IN COUNCIL.

WHEREAS regulations heretofore established for the administration and management of Dominion lands within the Railway Belt of British Columbia in pursuance of the authority conferred by chapter 59, "Revised Statutes of Canada, 1906," and chapter 10, 1-2 George V., do not include any special provisions for the disposal and administration of lands required for the development of water-powers and other water privileges; and

Whereas administration of the waters within the said belt has recently, by chapter 47, Statutes of Canada, 2 George V., as amended by chapter 45, 3-4 George V., been transferred to the authorities of the Province of British Columbia to be administered under the "Water Acts" of British Columbia as if the said Acts were enacted by the Parliament of Canada, and will continue to be so administered during the pleasure of the Governor in Council; and

Whereas it appears desirable that Dominion lands in the said belt required for the development of water-powers and other water privileges should be disposed of and administered under special regulations which shall harmonize with the said Provincial water administration:

Therefore, His Excellency the Governor-General in Council, on the recommendation of the Minister of the Interior and in virtue of the authority conferred by the said chapter 59, "Revised Statutes of Canada, 1906," and the said chapter 10, 1-2 George V., is pleased to order and it is hereby ordered that the attached regulations—namely, the Water-Lands Regulations—shall be and the same are hereby made effective for disposing of and administering such Dominion lands within the said belt (excluding only lands within areas that are or may be set apart and designated as Dominion parks) as are required in the development of water-powers and other water privileges.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

Lands withdrawn from Entry.

2. Notwithstanding any other provision of the said regulations, Dominion lands required for the protection of any water-supply, or upon or within or under which there are any waters from which power may be produced, or which, bordering upon or being close to a water-power, will be required for the development and working of such water-power, or Dominion lands required for the development of water privileges other than power undertakings, including lands required for the storage or pondage of water for augmenting or regulating the flow of streams, shall not be open to entry for homestead, purchased homestead, or pre-emption, or be sold or conveyed in fee, or disposed of in any

way by the Crown except by lease under the provisions of these regulations:

Provided always that the timber on any such lands, if within any Dominion forest reserves, shall, notwithstanding the provisions of this section, continue to be administered under the regulations governing the administration of the said reserves.

*Minister to set out said Lands.*

The Minister may cause such surveys to be made and may take such other steps as may be necessary from time to time to enable him to ascertain and set out the lands required as aforesaid, and his decision respecting the location and extent of the said lands shall be final.

*Application may be filed.*

4. (1.) Any person who desires to acquire a right to use or occupy any Dominion lands for the diversion, storage, or carriage of any water, or for the construction, maintenance, or operation of any works for such diversion, storage, or carriage of water, including lands to be flooded, shall file or cause to be filed with the Minister an application in writing for that purpose.

*Contents of Application.*

(2.) Such application shall set out:—

*Location.*

(a.) The location, by section, township, and range, or by lot number, of each parcel of Dominion lands proposed to be occupied and of each right of way over the same required:

*Area.*

(b.) The length and breadth or other dimensions of each parcel or right-of-way and the estimated area in acres:

*Sketch-plan.*

(c.) A sketch-plan showing the location of all the said parcels and rights-of-way.

*Water Data.*

(3.) Such application shall be accompanied by complete information relating to the Provincial water application, water claim, or water right in respect of which it is made, namely:—

(a.) If made in connection with a pending water application or water claim, then a copy of such water application or water claim, and a copy of every petition or other formal paper filed with respect thereto with the Provincial authorities; also a copy of every authorization, order, or other decision issued or made from time to time with respect thereto by the said Provincial authorities:

(b.) If made in connection with a water licence already issued by the Provincial authorities, then a copy of such water licence (the filing by the Comptroller of Water Rights of the Province of such licence will satisfy this clause):

(c.) Any other evidence or information which the Minister may require respecting such water application, water claim, or water right.

*Minister may withdraw Particular Lands.*

5. Pending the consideration of any such application for the use and occupation of Dominion lands, the Minister may from time to time reserve the lands applied for from any disposition not consistent with the rights desired under such application.

6. (1.) The applicant, before commencing the construction of any works upon Dominion lands, shall cause to be filed with the Minister a plan prepared from an actual survey by a qualified Dominion land surveyor, and signed and certified correct by him, showing the location and extent of the lands so required, and shall obtain the Minister's approval thereof. Before any such survey is proceeded with, instructions therefor must first be obtained from the Surveyor General.

(2.) The said plan shall contain the following information:—

*Boundaries.*

(a.) The boundaries giving chainages and bearings, and the area in acres within each quarter-section of the lands so required, including rights-of-way.

1. The Department of the Interior, in order to facilitate the preparation of plans by applicants, will endeavour to have a qualified member of the

British Columbia Hydrometric Survey available for making the necessary surveys at reasonable cost to the applicants.

*Lands to be flooded.*

(b.) Where lands are to be flooded, the contour to which the water will be raised and the area of the lands to be flooded in each quarter-section:

*Occupier's Lands.*

(c.) Where any interest less than a fee in Dominion lands has been previously disposed of by the Crown, a statement setting out the said lands and the name of the person authorized to hold, occupy, or use the same.

*Report of Dominion Land Surveyor.*

7. The plan shall be accompanied by a report by such Dominion land surveyor or by a qualified civil engineer, setting forth:—

*Lands required.*

(a.) Whether the lands shown on the said plan are in the opinion of such surveyor or engineer required for the proposed diversion, use, storage, or carriage of water or for the construction, maintenance, or operation of the proposed works, and, if not, what lands are so required:

*Occupier's Interests.*

(b.) Where any interest less than the fee in Dominion lands has been disposed of, a statement of the manner in which the proposed works will affect the said interest and the area of the lands so affected in each case:

*Damage likely.*

(c.) A statement that such surveyor or engineer knows the lands reported on, and his estimate of the amount of damage which will be likely to arise with respect to each separate parcel of such lands from the occupation and use thereof for the purpose proposed.

*Minister may grant Interim Permit.*

8. (1.) Upon the filing of the application, plan, and report set out in the last three preceding sections, and subject always to these and any further regulations on the subject, the Minister may, if he deems such action advisable, grant to the applicant an interim permit authorizing entry upon or the use or occupation of any Dominion lands subject to such conditions as may in his opinion be required by such applicant for the purpose of making surveys and constructing works, but such interim permit shall in every case be subject to the provisions of these regulations respecting leases so far as applicable.

*Term and Nature of Interim Permit.*

(2.) The term of the interim permit shall be as nearly as possible concurrent with that of the conditional water licence granted to the applicant under the British Columbia "Water Acts," it being the intent of these regulations that the applicant shall secure his water rights from the Provincial authorities before the corresponding land rights shall be granted, and it being the general purpose of the said permit to supply such applicant with such rights in Dominion lands as, in the opinion of the Minister, may be required by him in the exercise of the rights conferred by the said conditional water licence.

*Surveys may be delayed in certain Cases.*

9. (1.) If the Minister is of the opinion that a strict compliance with sections 6 and 7 would seriously interfere with the immediate and necessary construction of works or with the exercise of water rights acquired or in process of being acquired by the applicant, he may, by a writing under his hand, grant the applicant such temporary rights of entry upon or of the occupation or use of any Dominion lands as are in his opinion required by the applicant pending the time when the plans and report called for in the said sections 6 and 7 shall have been completed. The applicant shall, however, in such case pursue the preparation and completion of the said plans and reports with due diligence, and upon the filing and approval of the same, and upon compliance otherwise by the applicant with the terms laid down by the Minister, the interim permit mentioned in the last preceding section may be issued.

(2.) The location of any works so constructed by the applicant prior to the filing and approval of the said plans and reports shall be subject to the approval of the Minister, and the permittee shall and will make any changes with respect thereto which the Minister may require after the said plans and reports are filed. The temporary rights granted by the Minister under this section shall in every case be subject to the provisions of these regulations respecting leases in so far as applicable, and shall further be subject to cancellation at the discretion of the Minister.

*Dispensation from Surveys by D.L.S. in certain Cases.*

10. Notwithstanding any other provision of these regulations, if the Minister considers that any application is not of sufficient importance to warrant the surveys and report by a Dominion land surveyor called for in sections 6 and 7, he may, by letters or other writing, authorize such applicant to dispense with the requirements of either or both of the said sections, but may in such case call for such plans and information as he may deem necessary, and upon satisfactory compliance by the applicant with all such requirements, the Minister may grant the interim permit mentioned in the last preceding section, but in every case where works are constructed without plans being submitted and approved showing exact locations, such works shall be subject to approval as to location by the Minister, and the applicant shall and will make any changes therein which the Minister may subsequently require.

*Lease, when may be issued.*

11. Upon the receipt by the Minister of a notice from the Comptroller of Water Rights or other proper Provincial authority that the said applicant has completed his works and is in all respects, other than the acquirement of the necessary interests in Dominion lands, entitled to a final water licence under the Provincial "Water Acts," together with a copy of such licence or a statement of the proposed terms thereof, and upon it being shown to the satisfaction of the Minister that the applicant has observed and fulfilled all the terms and conditions required by the Minister or by these regulations to be by such applicant observed and fulfilled, the Minister may, subject always to these regulations, issue in favour of the applicant a lease, a licence of occupation, or other form of grant conferring such rights in Dominion lands as are, in the opinion of the Minister, necessary for the proper maintenance and operation of the said works, and subject to such special terms and conditions, not inconsistent with these regulations, as the Minister may impose.

*Lease concurrent with Water Licence.*

12. The lease shall be for the same term of years as such final water licence and shall run concurrently therewith; provided always that in no case shall any lease authorize entry upon or use or occupation of any Dominion lands for a period exceeding fifty years from the date thereof.

*Lease or Permit to depend on Water Licence.*

13. The easements, rights, and privileges acquired under any interim permit or lease shall be subject always to compliance by the permittee or lessee with all the terms and conditions of the water licence in connection with which such interim permit or lease is issued, and if, under the provisions of the "Water Acts" of British Columbia or the regulations made pursuant thereto, or by other lawful means, such water licence is terminated or cancelled or becomes null and void, then such interim permit or lease shall, *ipso facto*, become void and of no effect, and all the rights granted thereunder shall cease and determine.

*Lease voided when Lands no longer needed.*

14. (1.) Every lease shall be valid or effective to authorize the entry upon or the use or occupation of any Dominion lands only in such manner and to such extent as may be necessary for the purpose of constructing, maintaining, and operating the works authorized to be constructed, maintained, and operated under the water licence in respect of which such lease is granted and no further.

*Procedure when Lease voided for Non-use or Abandonment.*

(2.) If, because of a change in the location of the said works, or because of their non-use or abandonment, or for any other reason, continued or further entry upon, use of, or occupation of such lands in whole or in part for the said purpose becomes, in the opinion of the Minister, unnecessary, he shall give the lessee written notice of the contemplated withdrawal of such lands from the operation of the lease and his reasons therefor. The lessee may within sixty days after the giving of such notice file a written objection to such withdrawal of lands. The Minister may, after the consideration of such objection, or after the expiry of the time allowed for objection, if no objection is filed, make an order withdrawing such lands from the operation of the lease.

*Termination of Works when Lease voided.*

15. If any lease issued under these regulations is voided, terminated, or cancelled in whole or in part by any lawful process, the lessee shall not be privileged to remove any works, buildings, or other improvements constructed by him on the said lands unless the Minister's consent in writing is first obtained. The Minister may make any provision which he deems advisable for arriving at the compensation, if any, which is to be paid to the lessee for such of the said works, buildings, or other improvements as are taken over by His Majesty and as are considered serviceable in the future disposition which is to be made of the said lands.

*Rentals.*

16. The sum to be paid as annual rental shall be fixed by the Minister and specified in the lease, but such rental shall be subject to revision at the same times and, at the discretion of the Minister, in the same manner as if the lease were subject to the Statutes, regulations, and general practice of the Province governing leases of lands valuable in the development of water privileges; providing always that the Minister shall act in the place of any Provincial authority empowered or required to take action under the provisions of the said regulations in respect of such revision of rentals.

*Lease not Exclusive.*

17. Every such lease shall be subject to the right of His Majesty to grant liberty or privilege to other persons for any purpose to enter upon, use, or occupy the lands so leased or to use any existing works upon such lands in common with the lessee; provided always that, in such case, if it is proposed to move or alter or in any way affect the lessee's works, the rights of the lessee in respect of the said works shall not be, in the opinion of the Minister, prejudicially interfered with, nor shall other works be substituted which, in so far as the lessee is concerned, are less fitted to accomplish the purposes of the said works as set out in the water licence.

*Grants not to be capitalized.*

18. The lessee, in estimating the value of the lands, works, and properties held by him in connection with his lease, whether for the purpose of fixing the tolls or rates which may be charged for power or for the purpose of appraising the property upon which he is entitled to earn or receive any return, income, price, or compensation, or for any other purpose, shall in no case give any pecuniary value to or claim any pecuniary value for the rights and privileges granted by his lease.

*Transfers.*

19. Before any assignment or transfer of any lease or of the rights and privileges conferred thereby or of the works or undertaking connected therewith becomes valid or effective, the assignee or transferee must have executed and filed with the Minister an undertaking or agreement to comply with the provisions of these regulations in so far as applicable, and to observe and fulfil all the terms and conditions of such lease as amended by any additional terms and conditions which the Minister may then see fit to impose, and the Minister's approval in writing of such assignment or transfer and of such undertaking or agreement must have been obtained. No such approval shall be given

by the Minister unless it is shown to his satisfaction that such assignment or transfer is expedient in the public interest and that no compensation whatever is to be paid for the rights and privileges conferred by such lease.

*Care of Dominion Lands.*

20. The lessee shall, in the construction, maintenance, and operation of his works, take such steps and do such acts and things as are necessary for the proper care, maintenance, and protection of any Dominion lands affected thereby, and shall comply with any instructions of the Minister or of any person acting for the Minister in that behalf.

*Roads, Trails, etc.*

21. No roads, trails, telephone-lines, buildings, or other improvements the property of the Crown in the right of the Dominion shall be removed, altered, or in any way affected by any lessee in the construction of his works without the Minister's consent in writing having been first obtained. Such lessee shall in every case replace or reconstruct such improvements and shall build and maintain necessary and suitable crossings for all such roads and trails existing or that may be established intersecting any water-conduits of such lessee to the Minister's satisfaction. The Minister may, if he deems it necessary, require the applicant or lessee to furnish a bond for the satisfactory carrying-out of the provisions of this section. The lease shall be subject to the right of the Minister to construct or authorize the construction of roads, trails, or telephone-lines on or across the leasehold.

*Bridges, Culverts.*

22. The lessee shall construct and maintain such bridges, culverts, spillways, wasteways, or other works in connection with any works constructed or maintained on Dominion lands as the Minister or any person acting for the Minister in that behalf may direct.

*Lessee to indemnify Crown.*

23. The lessee shall indemnify the Crown against all actions, claims, or demands arising against it by reason of anything done by the lessee in the exercise or purported exercise of the rights and privileges granted under the lease.

*Timber-cutting.*

24. The lessee shall pay for any merchantable timber cut or removed from any Dominion lands such sums by way of stumpage and royalty as may be fixed by the regulations governing the administration of forest reserves if within any such reserve, or by the regulations governing the granting of yearly licences and permits to cut timber if on Dominion lands other than forest reserves.

*Forest Reserve Provisions.*

25. The lessee shall do no unnecessary damage to timber on any Dominion lands. Every lessee whose lease includes any lands situated within any Dominion forest reserve shall carefully comply with all regulations relating to forest reserves, and shall also comply with all instructions of the Director of Forestry in all matters pertaining to the care and preservation of the forest reserves.

*Timber and Brush in Forest Reserve.*

26. No trees on any forest reserve shall be cut by such lessee without the permission of the Director of Forestry, and when any trees are so cut the debris of such cutting shall be piled and burned or otherwise disposed of as instructed by the forest officer in charge of the reserve. No burning shall be done except under permit from such forest officer. The lands covered by the lease shall be cleared and kept clear at all times of unnecessary combustible material, and the lessee shall take all possible precautions to prevent the starting or spread of fire from the leasehold and shall give assistance in the fighting of fire as required by the regulations relating to forest reserves.

*Lands fraudulently entered upon.*
